

Product summary:

UTP/coaxial ethernet switch, 100 Mbit/s

Brief description:

UTP/coaxial ethernet switch, 100 Mbit/s. Provides 3 standard Fast ethernet RJ-45 sockets plus 2 coaxial ports (F-sockets). Requires external power supply PA12 (not included in the package), or remote powering through coaxial cable. Should be used in pairs or together with other EMP-Centauri NET CLASS devices.

Technical data:

Parameter	Condition	Value
Frequency range	TV	470-862 MHz,
Insertion loss	TV	1 dB avg
Data	RJ45 port (3x)	100 Mbit/s
	Coaxial output (2x)	100 Mbit/s
Maximum input level	TV	90 dB μ V
Maximum output level	TV	89 dB μ V
Power consumption	From external power supply	5 W max
Dimensions (w,d,h)		14.8 x 8.9 x 5.4 cm
Temperature range		-25 ~ +60 °C
Weight		0.250 kg
