

D1/0PCN-1 (P.117)

Product summary:

Universal analogue / DiSEqC detector

Brief description:

1in/0out universal detector, which covers all command (analogue + DiSEqC) used in satellite distributing systems. Mode of detector is set by DIP switch (detection of analogue, DiSEqC 1.0, 1.1 or 1.2 commands).

Technical data:

Parameter	Condition	Value
Power consumption		30 mA (18V)
Dimensions (w,d,h)		6.2 x 3.6 x 3.1 cm
Temperature range		-30 ~ +70 °C
Weight		0.070 kg
